verte

Compact one-person panel booth for the office and remote work.

WELLUP

VARIATIONS

Choice of layout settings

Standard setting

Create modesty enclosed solo work spaces within an open space. Combining u-shaped 3.0 side and L-shaped 2.0 side, the side panels do not overlap leaving a sharp impression. Efficient layout made possible where space is limited.

Wall setting

Set the L-shaped 2.0 side against a wall to create a solo booth. When placed in front of a window will create a pleasant, light-filled environment.
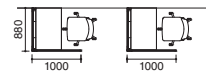

FEATURES

Features for web meetings

Tablet tray (tablet stand) to place smart devices for web meetings.

Back panel to shield the view behind.

Space for power extensions to be placed behind the tabletop.

Available in two table heights

Table height H1000mm is ideal to be used standing or with a high stool for light work, and H720mm for focus work and web calls. Choice to select according to the purpose of use.

Table height: H1000mm

Table height: H720mm

Ideal with task chairs

The half-open back panel enables to work comfortably in an office task chair, while being in a compact booth.
*Not suitable for chairs with headrest.

Back panel to floor: H1015mm
