

flip top

DAYS OFFICE

Flexible and adaptable, these flat-base tables fit any environment.

FEATURES

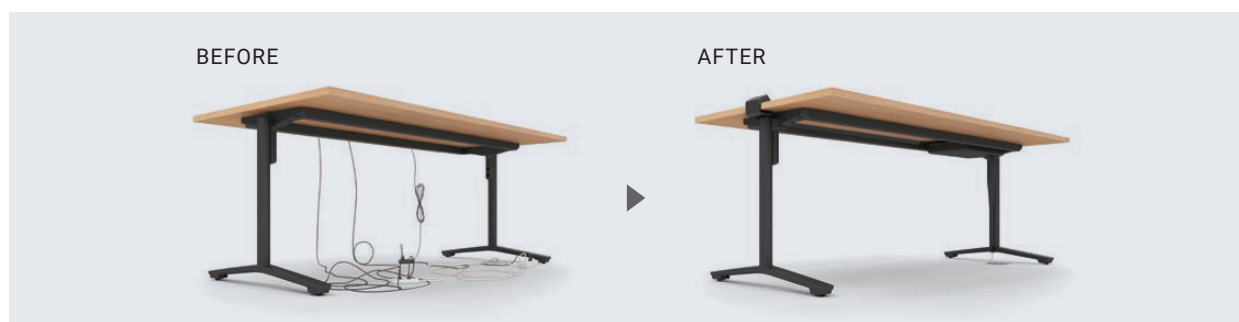

The flippable tables are designed for easy storage.

Ultra-low-profile castors

Exclusively designed for flip-top tables, these low-profile castors offer easy maneuverability and compact storage.

ACCESSORIES

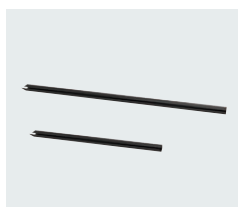

Optional wiring set (for fixed tabletops)

You can add a pre-packaged set to neatly store power cables.

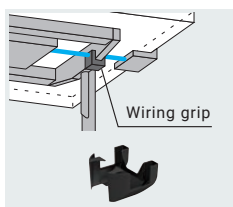

Wiring support tool for power supply

MATERIALS

Tabletop

Surface: Melamine board.
Edge: Extruded ABS.
Core: Particle board.

Base

Leg: $\phi 50.8$ mm powder-coated round steel pipe.
Base: Powder-coated die-cast aluminum (SAA, E6A, MJA), polished (P), powder-coated steel (XY-TFT 68, TFT C12).

Slim castors

Nylon resin with 2 stoppers.

Note: For tables with a polished base, the base is polished while the leg is black (E6A).
For the W600 square base, the base is black. For the disc base with power outlet, the tray is black.
Only the flippable tables are nestable.
Tables with a T-shaped castor base have a stopper on one side to lock the castors on both sides.
Tables with a single 4-star castor base have two stoppers located along the diagonal axis.
The tables with a square base and disc base have adjusters.
Caution: Dark-colored tabletops may show fingerprints and other smudges more noticeably depending on usage and lighting conditions.
