

FitMe

FitMe is a versatile table that for solo work and easy to reconfigure into different layouts for any kind of situation.

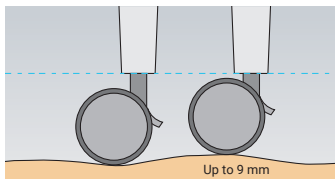

FEATURES

Magnetic connectors

The tabletop segments have a simple connection mechanism so you can arrange a stylish layout with ease.

High-performance castors

Spring-loaded castors absorb the effects of uneven surfaces and can be locked for stability. Leveling range: 9 mm.

Note: Triangular tables come with standard castors without springs, as three-legged designs are unaffected by uneven floors.

Bag hook

You can hang a bag from this hook to free up legroom. One bag hook per table. Maximum load: 49 N (approximately 5 kgf)

Leg cover

The leg cover can house a cable to avoid unsightly vertical wiring.
