

# stock stack

DAYS OFFICE

Stock Stack was born from the growing demand for active, flexible spaces to hold seminars or events. This chair combines the functional versatility of outdoor furniture with the refined usability needed for office environments.

## FEATURES

For energetic seminars and spontaneous brainstorming sessions, Stock stack creates the perfect active atmosphere. Its casual appeal helps build open, collaborative relationships among participants. Designed from the ground up for stacking and storage, this self-standing chair literally lives up to its name.

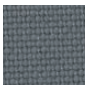

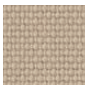

The chairs are easy to fold up and store upright. They nest together snugly, saving space.

The pockets offer ample storage space for stowing items such as documents and drink bottles.
