

Any Wagon

This compact, agile wagon adapts to your needs—perfect for personal tasks or team-based projects.

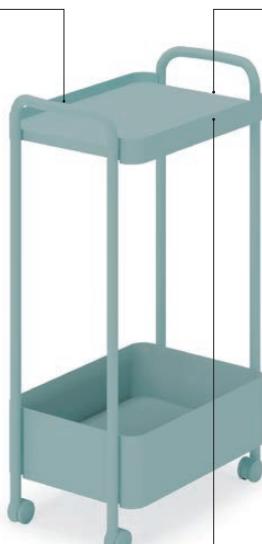

GOOD DESIGN AWARD 2023
BEST 100

FEATURES

Handles

The handle is ergonomically designed with the curved round pipe, making it easy to wheel the cart.

Optional clamp-on hooks

Hooks can be clamped onto the flat edges at both ends. A hook can hold items up to 2 kg.

Compact design for easy storage

With smooth-rolling castors, it can be stored even in the space under high counters, allowing the efficient use of the space.

Usable as a table extension

The raised rim of the upper tray is matched with the height of the tabletop. You can place small items on the cart to free up space on the tabletop.

Wide range of accessories for organizing small items

With accessories such as felt baskets and clamp-on hooks, you can efficiently organize personal items or share among team members.

MATERIALS

Castor

- Polyurethane castors are also suitable for hard floors, such as wood flooring.
- The product uses specially designed castors; other castors cannot be used with the product.

Caution: Do not use on cushion flooring, as this may damage the flooring.

Base

ø19.1 mm powder-coated steel pipe.

Trays

Powder-coated steel.

Castors

ø40 mm twin-wheel castors (nylon body, urethane-coated wheels), no stoppers.
